

## SB, Blade guard, K3000, K3000 WET; K3000 VAC, 2012-03

### SYMPTOM/DESCRIPTION

The 350 mm. blade guards for the electric power cutter range are re-designed and made of magnesium alloy. The old sheet metal ones will be discontinued and subsided.

It is possible to retro-fit the magnesium alloy blade guard on older saws of the electric range.
